

# Bead & Button Show 2010

## Diane Fitzgerald presents...

Crystallized™ Presents:

### **African Circle Stitch Necklace (B10122)**

Date/Time: Wed. June 9, 2010 AM - 8:00 - 11:00 - Location: Hyatt Lakeshore A

Don't be fooled! This necklace is NOT right-angle weave! It was derived from a century-old piece of Zulu beadwork found in a museum in southern England. It creates a lovely fabric of beads which can be worked all in one color, with patterns or with reversed seed beads and crystals. It is easy to learn and with a three-hour class with **5 gross** of crystals provided by Crystallized Swarovski Elements, a real bargain! (Intermediate class)

#### **Supplies to bring:**

Size 10 or 12 beading needles, Microcrystalline wax,  
Scissors, Fireline 6lb smoke
