

African Circle Stitch Necklace by Diane Fitzgerald

Tuesday, Feb. 3, 2009
Swarovski Create Your Style
Tucson, Arizona

A simple yet elegant V-neck design that combines both Swarovski Crystallized Elements and a 150-year old Zulu beading technique discovered in an English museum. The stitch creates a geometric design of squares connected with crystals. This necklace design is part of my cross-cultural "Zulu Meets Swarovski" series. (Note: this technique is not right-angle weave.)
